WHY: • To raise money for Aliso Niguel High School Facilities & Activities (the first two Tastes have raised over \$120,000)

• **to market your restaurant (and promotions) to a high-income demographic that dines out often.**

• Because it's a lot of fun

HOW: We ask each restaurant to provide at least 500-600 sample-size portions of a dish of your choice. We can provide plates, utensils, napkins, and tables, but restaurants are free to use their own supplies with their own logos if they prefer.
